

LIFETIME LIMITED WARRANTY DiamondLiving™ Laminate Collections

We guarantee to the original purchaser that **DiamondLiving™ Laminate Flooring**, when installed by a certified installer who follows all, without exception, of the **DiamondLiving™** installation instructions, and is placed in a dry climate controlled residential indoor setting:

- Will not fade in color due to sun or artificial light.
- Will not stain from normal household consumable items such as food and drink.
- Will resist water damage from normal household activities when installed in accordance with provided installation instructions. Before installation, a moisture test to determine if excessive moisture exists in the sub floor must be performed and a 6mil polyethylene film vapor barrier must be used on concrete floors along with proper use of silicone sealant. This warranty does not cover water damage caused by flooding, standing water (water remaining on a floor for more than one hour), appliance leaks, pet waste, mechanical failures, leaking pipes, or damage caused by water underneath the flooring including damage from sub floor hydrostatic pressure. The wear layer will not wear through. For surface wear to be a warrantable occurrence, the surface wear-through must be readily visible from a distance of 6 feet and measure at least 1 square inch. Gloss fading is not wear-through.

Underlayment:

To protect this **LIFETIME WARRANTY** you must install an approved waterproof underlayment with minimum 6 mil vapor barrier such as DiamondLiving, LLC Scuba Vapor Silent™ Underlayment beneath your **DiamondLiving™ Laminate Flooring**.
